

# 2017 International Conference on Computer Graphics and Digital Image Processing

## Call for Paper

The 2017 issue of the International Conference on Computer Graphics and Digital Image Processing (CGDIP 2017) will be hosted at Prague, Czech Republic, from 2-4 July, 2017

CGDIP 2017 is an international forum for the presentation of technological advances and research results in the fields of Computer Graphics and Digital Image Processing. The conference will bring together leading researchers, engineers and scientists in these domains of interest from around the world.

We warmly invite authors to submit their new research results to CGDIP 2017, and to share valuable experiences with scientists and scholars from around the world.

We welcome papers in Computer Graphics, Graphical Data Processing and Visualization, Image Processing, and Computer Vision. Examples of topics are listed below, but not limited to those:

Computer graphics

Foundations

Interaction

Visualization

Images processing and computer vision

Modeling and animation

Video processing and analysis

Applications

### Publication and Indexing

All the received manuscripts will be peer-reviewed by 2-3 experts. See conference website for deadlines. If a paper requires revising, we offer a short time that a revised copy can be submitted again for peer review. All the registered and presented papers will be included in the conference proceeding, which will be published in the volume of **ACM International Conference Proceeding Series (ICPS)**, ISBN: **978-1-4503-5236-9** (online publishing), which will be indexed by Ei Compindex, CPCI, IET and other academical databases. Selected papers will be recommended to be published in extended form in (later to be specified) international journals.
